Adolfo -

Thanks for your voicemail message regarding your interest in a briefing update on cleanup activities at the Greka facility near Santa Maria. As I understand your message, you will be traveling up to the Santa Maria area in the near future and would like to hear the latest information on cleanup activities at the facility.

I was out of the office on annual leave last week and back to work, however, I am working flexiplace today outside of the Region IX office, but did want to let you know that I have left a message with my colleague, Robert Wise, On-Scene Coordinator in our Emergency Response Section in our Superfund Division who has been working on the Greka issue for quite some time.

I have asked Robert Wise to give me a call so we can then conference you in to provide an update on ongoing/past activities at the Greka facility. I will be back in touch with you as soon as I hear back from Rob Wise. Thanks for your patience until I hear from Rob. We'll make sure to get you all the information you are in need of.

Regards,

Brent
